SUMMARY

Objective: Obtain a position and provide value to a company that offers challenging experiences and constant learning.

- Have experience developing on both Windows and Linux as well as working with many modern programming languages, frameworks, API's and developer tools such as git and npm.

EXPERIENCE

Danyal Soharwardi

Front-End Developer

Jan. 2017 - Present

Toronto, ON

- Self employed, building websites for businesses, companies and individual people looking to have an online presence.
- Gained a lot of valuable experience and built long term relationships with trusted clients.
- Built online portfolio to showcase my work to potential clients at www.danyalsoharwardi.com.
- Some recent projects: www.sportsafechampions.com, www.valvolineexpress.care.

Valvoline Express Care

Front-End Developer

Aug. 2018 - Jan. 2019

Toronto, ON

- Rebuilt website from the ground up with emphasis on modern and responsive design.
- Maintained website and updated UI/UX components with the goal to make it more user friendly and easy to navigate for customers. Used Photoshop and Adobe Premiere Pro to edit photos and video.
- Technologies used: Javascript, jQuery, PHP, HTML and CSS.
- Contract position for 6 months.

TouchLogic Corporation

Software Developer Intern

May 2017 - Aug. 2017

Richmond Hill, ON

- Worked with the Plivo API along with C# and HTML/CSS in the Microsoft Visual Studio IDE to develop a program to send and receive SMS with the goal to test and optimize send/receive times.
- Worked on front-end of drag and drop email editor with the ability to customize emails as desired.
- Technologies used: Javascript, AngularJS, C#, HTML and CSS.
- Worked during the summer as an intern.

Penmight

Full-Stack Developer

May 2016 - Aug. 2016

Toronto, ON

- Worked mainly on front-end of website and mobile app using React Native, NodeJS and Bootstrap framework.
- Goal was to develop easy to use and responsive UI/UX.
- Technologies used: React, NodeJS, Javascript, HTML and CSS.
- Worked over the summer at startup with a friend and couple colleagues.
